- Mining equipment
- Maxibags
- Personal protection items
- Medical devices
- Foundry products
- Metallic structures
- Fire protection
- Technical service of fire extinguishers
- Certification of procedures

Inspecciones en Fábrica

- Structural projects
- Lifting equipments
- Cages and structures hike man
- Drilling mining equipment
- Forest support teams
- Assembly centers
- Operational state of equipment and machinery

Ensayos

- Hydrostatic pressure
- Pneumatic pressure
- Hydraulic pressure
- Pushing force
- Dimensional control
- Tightness test
- Impact test
- Functional test of equipment and machines
- Magnetic particles
- Penetrating inks
- Coating thickness
- Steel thickness by ultra sound
- Torque control, light assembly
